Staff Ranks

Our Leadership Program is rich and a source of great success on the MindBuzz server. The ranks in the staff leadership program start at Coach and as a player progresses, they gain more power and prestige - AND more responsibility and expectations. The staff ranks are:

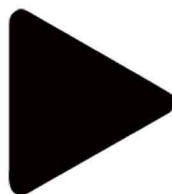

**Coach > Trial Mod > Mod >
Trial Admin > Admin**

| /kit coach | Gives you cool armor |
| /hat | Put any block in your head |
| /fly | To enable fly |

HELP... I have a problem

If you have a problem on the server you need to contact an admin. Type in **/glist** to see who is online and look for players with red Admin prefixes. Send an admin a private message by typing **/m <message>**.

If a Server Admin deems players are not abiding by our rules we:

1. **Offer a warning** - sometimes 2 or 3 times.
2. **Kick them from the server** - they can join straight back on, this gives us an opportunity to catch up with them and discuss why they are kicked. If they have been spamming they may be muted.
3. If their behaviour continues we may **'Temp Ban'** them. This is like time out. We would usually do 5 to 10 minutes, depending on the behaviour (it can be longer).
4. If their behaviour continues (or if it is malicious) they **will be banned from the server**.

If you have any technical problems with the server then head to **<http://mindbuzz.com/forums>** to find your answer or start a new thread.
